Large	40/42		
XL	42/44		
2XL	44/46		
3XL	46/48		

PRODUCT FEATURES

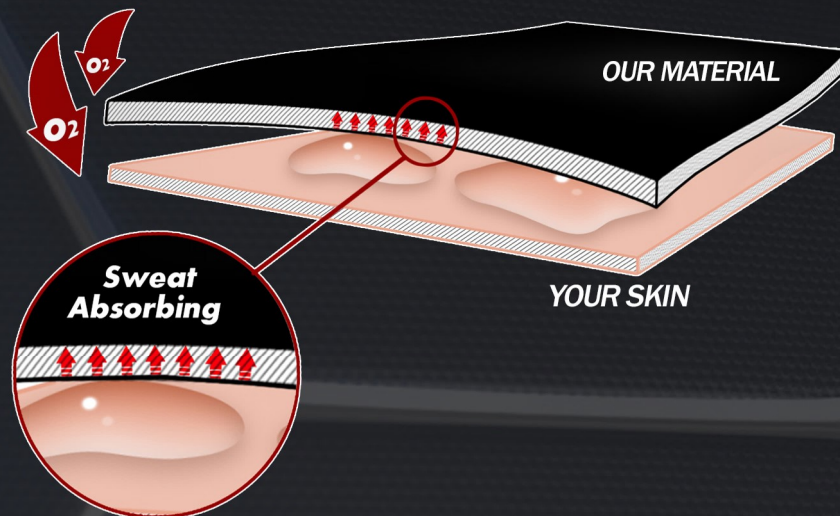

PRODUCT QUALITY

Product quality is key, and this will be determined by the fabric used and the ability of the seamstress.

As the manufacturer we have complete control over the entire process, resulting in high quality products and peace of mind for you as the customer. We benefit from extensive experience of working with other suppliers who use a variety of fabrics. This knowledge has allowed us to select what we believe is the best fabric in terms of quality, durability and design for our range.

Our modern, technical fabrics draw moisture away from the body. Being made of high-tech polyester, they absorb very little water from the outside in comparison to more traditional fabrics, such as cotton.

The wicking fabric draws sweat and moisture from the skin, keeping the wearer cool. These fabrics are designed for colour fastness and durability.

INNOVATIVE DESIGN

Many of our garments are designed with additional benefits. For example our teamwear range is designed with a built in reflective trim.

A subtle and smart design addition during the daytime, in the dark this reflective trim provides an essential safety feature by keeping the wearer visible.

ECO - FRIENDLY CHOICES

We are proud that the majority of our fabric is sourced from eco-friendly recycling approved supplies. This is also applied whenever possible on new items. On average, just one of our teamwear jackets prevents twelve plastic bottles from entering landfill.

BESPOKE DESIGNS

Why rebrand your sports club every couple of years because the supplier discontinues your favourite products? You can create a stylish, modern, vibrant and affordable club identity that can run throughout your organisation for as long as you wish using our bespoke service.

No matter what your requirements, our experienced team will be able to advise and assist in creating a truly outstanding, long term identity for your sports club. Our designers can help you create memorable teamwear and sportswear for your club.
